2025 LIST OF CATEGORIES

1) **MANUFACTURER OF THE YEAR** (AIR TREATMENT)
2) **SUPPLIER OF THE YEAR** (AIR TREATMENT**)**
3) **MANUFACTURER OF THE YEAR** (AIR MOVEMENT, VENTILATION)
4) **SUPPLIER OF THE YEAR** (AIR MOVEMENT)
5) **MANUFACTURER OF THE YEAR** (FIRE & LIFE SAFETY)
6) **SUPPLIER OF THE YEAR (FIRE & LIFE SAFETY)**
7) **DISTRICT COOLING CONSULTANT OF THE YEAR**
8) **DISTRICT COOLING CONTRACTOR OF THE YEAR**
9) **DISTRICT COOLING UTILITY PROVIDER OF THE YEAR**
10) **O&M PROVIDER OF THE YEAR** (CHILLED WATER SYSTEMS)
11) **INNOVATIVE MANUFACTURER OF THE YEAR** (CHILLERS)
12) **SUPPLIER OF THE YEAR** (CHILLERS)
13) **MANUFACTURER OF THE YEAR** (CHILLED WATER SYSTEM EQUIPMENT AND COMPONENTS, LESS CHILLERS)
14) **SUPPLIER OF THE YEAR** (CHILLED WATER SYSTEM EQUIPMENT AND COMPONENTS, LESS CHILLERS)
15) **MANUFACTURER OF THE YEAR** (STANDALONE DX)
16) **SUPPLIER OF THE YEAR** (STANDALONE DX)
17) **MANUFACTURER OF THE YEAR** (VRF SYSTEMS)
18) **SUPPLIER OF THE YEAR** (VRF SYSTEMS)
19) **GCC REGION MANUFACTURER OF THE YEAR**
20) **MANUFACTURER OF THE YEAR** (WATER HEATERS)
21) **SUPPLIER OF THE YEAR** (WATER HEATERS)
22) **HVACR ACCESSORIES MANUFACTURER OF THE YEAR**
23) **HVACR ACCESSORIES SUPPLIER OF THE YEAR**
24) **PROJECT OF THE YEAR, NEW CONSTRUCTION – IEQ** (HEALTHCARE, ACADEMIC, HOSPITALITY, COMMERCIAL, RESIDENTIAL)
25) **HVAC TECHNICIAN OF THE YEAR** (ENERGY EFFICIENCY)
26) **MEP CONSULTANT OF THE YEAR** (LARGE PROJECTS: >AED 100M)

27) **MEP CONTRACTOR OF THE YEAR** (LARGE PROJECTS: >AED 100M)
28) **MEP CONSULTANT OF THE YEAR** (MID-SIZED PROJECTS: AED 30M-AED100M)
29) **MEP CONTRACTOR OF THE YEAR** (MID-SIZED PROJECTS: AED 30M-AED 100M)
30) **MEP CONSULTANT OF THE YEAR** (SMALL PROJECTS: <AED 30M)
31) **MEP CONTRACTOR OF THE YEAR** (SMALL PROJECTS: <AED 30M)
32) **ESCO OF THE YEAR**
33) **IAQ HEALTHCARE RETROFIT PROJECT OF THE YEAR**
34) **COMMISSIONING/RE-COMMISSIONING COMPANY OF THE YEAR**
35) **THE SOUGATA NANDI IOT INTEGRATION INITIATIVE OF THE YEAR**
36) **DIGITAL SUPPLIER OF THE YEAR**
37) **HVAC CONSULTING ENGINEER OF THE YEAR**
38) **HVAC ENGINEER OF THE YEAR** (CLIENT SIDE)
39) **YOUNG HVAC CONSULTING ENGINEER OF THE YEAR**
40) **HVAC YOUNG ENGINEER OF THE YEAR** (CLIENT SIDE)
41) **MANUFACTURER OF THE YEAR** (REFRIGERATION EQUIPMENT: COMPRESSORS)
42) **SUPPLIER OF THE YEAR** (REFRIGERATION EQUIPMENT: COMPRESSORS)
43) **MANUFACTURER OF THE YEAR** (REFRIGERATION: INSULATION)
44) **SUPPLIER OF THE YEAR** (REFRIGERATION: INSULATION)
45) **REFRIGERATION PROJECT OF THE YEAR**
46) **MANUFACTURER OF THE YEAR** (INDUSTRIAL AND IT ENCLOSURE COOLING)
47) **DOMINIC DE SOUSA AWARD FOR INNOVATION**
48) **EDITOR'S CHOICE AWARD**

Toshiba SMMSi VRF Wins Climate Control Middle Eas Award

2014/01/09

Toshiba has won the prestigious, best manufacturer award 'Climate Control Awards' f its Hi Ambient SMMSi VRF systems in the Middle East.

The Climate Control Awards was established in 2011 to recognize and honor HVAC&I best practices and, broadly, to celebrate excellence in engineering and business approaches.

Produced by CPI Industry, the publishers of Climate Control Middle East, the Awards ceremony was the culmination of a lengthy evaluation process, monitored by KPMG. The judges included HVAC&R veterans based in the region and elsewhere. In all, the Awards process attracted nearly 50 entries from companies across the globe, including Australia, Canada, Germany,

Innovation Park Muscat receives the Climate Control Award 2014

The Research Council (TRC) has received an award as the "Sustainable project of the year"

The Research Council (TRC) has received an award as the "Sustainable project of the year" by the Climate Control Award Middle East 2014, owing to its innovative district cooling system concept designed for the Innovation Park Muscat's (IPM) project. This was received at the Award Ceremony held in the Dubai, United Arabs Emirates on the 19th of November.

His Highness Sayyed Dr. Fahd bin Julanda Al Said, Assistant Secretary General for Innovation Development at The Research Council, said that we are proud of the work we have done to earn this prestigious award for the District cooling system design of IPM project, which is a reflection of TRCs forward-thinking and aspiration in creating an eco-friendly buildings in Oman through adapting and inventing new technologies" He added" Innovation Park Muscat in its structural design and green technology solutions that we are planning to implement, will become a role model for the other government and private projects in the Sultanate and beyond

Dr. Fahad Al-Said has also explained that IPM will be built in three phases on a total land area of 419,000 square meter. The project is part of the Councils plan in providing and stimulating infrastructure for innovation and research in the Sultanate. Phase one of this promising project is expected to be completed by the end of

EMPOWER NEWS

Empower wins Editor's Choice accolade at Climate Control Awards

December 11th, 2013

Empower, the leading district cooling provider in the Middle East, has scooped the special Editor's Choice Award for its support of the ASHRAE District Cooling and Heating Design Manual at the 3rd Annual Climate Control Awards in Dubai.

Empower won the award for its financial and technical support of the American Society of Heating, Refrigerating and Air conditioning Engineers (ASHRAE)in the preparation and publication of a design manual for district heating and cooling plants and networks. ASHRAE is the leading authority in the heating, ventilation, air conditioning and refrigeration (HVACR) industry. The design manual was released early 2013 and is considered as an enormous achievement and a technical landmark in the HVACR industry.

ABOUT CPI INDUSTRY EVENTS

At CPI Industry, we are delighted by the growth trajectory of our Events Division. We conducted our first event in May 2007. Since then, we have crossed 100 events.

This event is our 114th, and for that we are immensely grateful to those that have associated with us as Speakers, Delegates, Partners, Sponsors and Exhibitors.

Thank you for believing in us in this enterprise that is dedicated to supporting socio-economic and sustainable development.

ABOUT CPI INDUSTRY EVENTS

CPI INDUSTRY is a publishing house that started producing events as an extension of its communications drive in the HVACR industry through its magazine (*Climate Control Middle East*) and directories.

While the magazine largely focuses on core HVACR aspects, the events probe the core and all allied areas, be they energy security (district cooling and cogeneration), food security (refrigeration), food safety & quality assurance (again, refrigeration) or indoor environmental quality.

CPI Industry started conducting events in May 2007, starting with the unique DC Dialogue, a technically intensive discussion on the district cooling industry. Since then, CPI Industry has established a portfolio of events, all with the twin purposes of information exchange and raising the bar on technology and business solutions in the region.

To date, CPI Industry has conducted over 110 events. They include DC Dialogue (multiple editions), Middle East VRF Conference (multiple editions), The Climate Control Conference (C3) (multiple editions), Refrigerants Review (multiple editions), World IEQ Forum (multiple editions), The Client Consultant Contractor Conference (multiple editions), Climate Control Awards (multiple editions), Climate Control SAUDI Awards (multiple editions), Climate Control Awards INDIA (1 edition), Food Chain (multiple editions), Middle East HVAC Fire Safety Conference (multiple editions) and The Rain Resilience Conference.

PARTICIPATION

In our events, we have attracted participation from government bodies, implementation bodies, industry associations and councils and Fortune 500 companies. Some of the participants include:

- 3RD GROUP CONSULTANCY
- ADC Consultants
- Adnan Saffarini Consultants
- AE7
- AESG
- Al Abir Engineering Consultants
- Al Hadara Consulting Engineering
- Arc International
- Arkiplan
- Atkins
- Azemco
- Abu Dhabi Department of Energy
- Abu Dhabi Quality and Conformity Council
- AHRI
- Alternatives and Emissions Branch
- AMCA International
- ASHRAE UAE Falcon Chapter
- ATP
- Blackwit
- Bluehaus Engineering
- Building4health, Inc., USA
- Consistent Engineering Consultants
- Cubic Engineering Consultancy
- Clean Energy Business Council (CEBC)
- Dar Group
- DC Pro Engineering
- Dewan
- Dulsco
- Department of Education and Knowledge, Abu Dhabi
- Doha Municipality
- Dubai Chamber of Commerce and Industry
- Dubai Municipality
- Dubai Supreme Council of Energy
- Electricity & Cogeneration Regulatory Authority (ECRA), Saudi Arabia
- Ehaf Consultants
- Emergy
- Emirates Authority for Standardisation and Metrology (ESMA), UAE
- Emirates Green Building Council (EGBC)
- Environmental Investigation Agency, USA
- Estidama, UAE
- Eurovent Certita Certification
- Eurovent Middle East
- Fakhruddin Properties
- GRFN
- Guth De Canzo
- GCC Health Ministers' Council for the Coopera tion Council States
- GCC Standardisation Organisation (GSO)
- Government of Abu Dhabi (Abu Dhabi Food Control Authority)
- Government of Dubai (Dubai Municipality, Food Control Department)
- Government of Dubai (Department of Planning & Development, Ports, Customs & Free Zone Corporation (Trakhees)
- Harvard Medical School
- Harvard T.H. Chan School of Public Health
- Health Ministers' Council for the Cooperation Council States
- IDP Engineering Consultancy
- Independent Consultant
- Institute for Governance & Sustainable Development (IGSD)
- International Institute of Refrigeration
- Interpol
- Khatib & Alami Consultancy
- Kova PMC
- Kuwait National Ozone Committee (Environmental Public Authority) • Middle East Facility Management Association (MEFMA)
- Mario Associates Mechanical & Electrical Engineering Consultancy
- Middle East Solar Industry Association (MESIA)
- Ministry of Energy, UAE
- Ministry of Environment, Lebanon
- Ministry of Environment & Water (MEW), Kuwait
- Ministry of Climate Change & Environment, UAE
- Ministry of Health, Sultanate of Oman
- Ministry of Infrastructure Development, UAE
- Ministry of Public Works, Bahrain
- Montreal Protocol
- Office of Atmospheric Programs
- Office of Environmental Policy, US Department of State
- Parsons Corporation
- PK Goel Engg Consultant/Eurovent Certita Certification
- Ras Al Khaimah Municipality
- Regulatory and Supervisory Bureau (RSB) for Electricity and Water
- Roads & Transport Authority, UAE
- Royal Estates, Oman
- RVT Engineering Consultant
- Qatar Foundation
- SASO
- Saudi Aramco
- Saudi Green Building Council (SGBC)
- School Of Aerospace, Transport And Manufacturing, Cranfield University, United Kingdom
- Seed Engineering Consultants
- Suhaimi Design - Protecooling
- Sobha Realty
- Society of Fire Protection Engineers (SFPE)
- Stratospheric Protection Division
- Supreme Council of Health, Qatar
- Taka Solutions
- Technology and Economic Assessment Panel (TEAP)
- Terre Policy Centre
- The Research Council of Oman
- TransFrig
- UAE Society of Engineers
- UNIDO
- UNDP
- University of Birmingham
- US Environmental Protection Agency (EPA)
- U.S. Green Building Council
- Vindico Project Management Services
- World Customs Organisation
- World Food Programme (and more...)

FOLLOW-UP MECHANISM

There is a strong follow-up mechanism in the case of all the events, with the generation of post-event reports, and also text and video coverage on CPI Industry's online platforms. The reports contain key statistical data and analyses. They are circulated to all the government ministries in the region that have an interest in the areas of discussion.

2026 EVENTS

Refrigerants Review

(5th Edition)

21 January 2026 | Dubai, UAE

THE culmination of a year-long Marquee Editorial Campaign on refrigerants, spearheaded by *Climate Control Middle East* magazine, the 5th Edition of the Refrigerants Review conference is the coming together of global stakeholders for discussions that include topics such as trade, finance, climate science, engineering, technology and political structures. The conference comes at a pivotal time, just as the world edges closer to milestone targets for phase-out of climate-harming refrigerants. Global climate-related policy frameworks and country-specific building codes have compelled and motivated manufacturers of refrigerants to look for alternative solutions to those in circulation, with an eye on lower GWP, greater energy efficiency and, equally crucial, occupant safety.

Refrigerants Review is an immersive discussion on refrigerants that engages policy makers, regulators, enforcement bodies, scientists, manufacturers of HVACR equipment and refrigerants, service providers and sectoral end-users. To date, this unique conference platform has brought together international stakeholders to discuss broad issues, including the assessment of refrigerants, keeping in mind such factors as health & safety, energy efficiency, Global Warming Potential (GWP), Ozone-Depleting Potential (ODP) and Lifecycle Climate Performance (LCCP).

www.ccme.news/events

Climate Control Awards India

(1st Edition)

May 2026

POPULARLY known as the 'Oscars of the HVACR Industry', the objective of the black-tie, gala dinner event is to recognise outstanding performance across the various disciplines of the HVACR industry and to raise the bar on building performance, cold chain and fire safety, to name three. To achieve the objective, CPI Industry enlists the services of seasoned HVACR and other relevant domain-specific professionals as judges and of a third-party certification agency to evaluate companies under several categories. Climate Control Awards India is part of CPI Industry's long-standing awards programme, which to date has hosted 17 Awards ceremonies across Saudi Arabia and the United Arab Emirates. The Awards exercise serves as an objective and accurate barometer of the industry.

WHY DO BESPOKE EVENTS OR WEBINARS/POCAST WITH CPI INDUSTRY?

Bespoke Events

- A successful track record of 50+ high-quality events for bluechip multinational companies
- A professional and committed team to manage your events successfully from inception to completion
- An enabling structure that helps you customise your events to be a focal point to accelerate your brand goals and business scale
- An ecosystem of expertise that provides support to have an unique mix of conferences, workshops and technical seminars
- A rich database that helps you source high-profile speakers and industry experts to share valuable insights, as per the event theme
- A well-oiled marketing mechanism to provide a 360-degree strategic plan to amplify your commercial messages

THE CLIENT CONSULTANT CONTRACTOR CONFERENCE
6th edition
03 JUNE 2026 | DUBAI, UAE

The Client, Consultant, Contractor Conference

03 June 2026 | Dubai, UAE

"THE Client, Consultant, Contractor Conference" is the most comprehensive ever and largest gathering of general and MEP consultants and contractors in the GCC region with a clearly defined agenda to discuss issues that are preventing and, at times, perhaps even impairing them from delivering optimal solutions. The conference comes at a critical time, with Dubai announcing an update to the Contractor and Engineering Consultancy Rating System, in mid-2025. Set to come into force in early 2026, it aims to usher in a more accurate and integrated framework for evaluating the performance of construction firms and engineering offices across the emirate. According to Dubai Municipality, it will include a wider range of performance indicators and assessment criteria, which will enable more precise evaluations of technical capacity, project execution quality, regulatory compliance and sustainability practices.

Dubai Municipality said the updated rating system, which is expected to provide greater transparency to property developers and property owners, will assess contractors and consultants on the basis of such KPIs as financial solvency; the rate of emiratisation; participation in CSR initiatives; the timely delivery of projects; the adoption of innovative, tech-driven project designs and execution methods; and the integration of detailed feedback from property owners.

The second development in 2025 was the introduction of the updated contracting law (Law No. 7), under which all contractors operating in Dubai have to be classified based on their expertise, qualifications and whether they have the resources to take on a project. Further, the law stipulates that any sub-contracts can be awarded only after prior approval.

There is no disputing the fact that best practices in consultancy and contracting services represent two important pillars that hold up such targets as greater energy efficiency (towards lowering emissions and the Total Cost of Ownership (TCO)), reliability and Indoor Environmental Quality (IEQ). In view of this, the Conference hears consultants and contractors speak on their concerns and explore the pathway to an enabling environment for them to sustain their businesses and to offer the best-in-class solutions.

Naturally, this unique and comprehensive gathering of general and specialised MEP consultants and contractors offers a unique opportunity for manufacturers and suppliers to showcase updates in technologies and their applications.

www.ccme.news/events

THE GREAT HVACR FAIR - ROUND 1

Women in Engineering

(1st Edition) (co-located event)

15 September 2026 | Riyadh, Saudi Arabia

THE WOMEN IN ENGINEERING (WiE) conference is a policy-relevant, outcome-driven leadership forum, not a symbolic diversity session. It will highlight how women engineers, technologists, entrepreneurs and policymakers are directly shaping Saudi Arabia's infrastructure, energy systems, cities, climate strategy and industrial ecosystems under the Kingdom's pathbreaking Vision 2030.

The conference explicitly addresses:

- The structural gaps in workforce participation, leadership progression and workplace design
- The economic case for gender-balanced engineering teams
- The technological leadership of women in sustainable construction, HVACR, digital buildings, energy transition, and megaproject delivery

IDEC Innovations

(1st Edition) (co-located event)

15 September 2026 | Riyadh, Saudi Arabia

INDIRECT Direct Evaporative Cooling (IDEC) is on a roll, if proponents are to be believed. Adding heft to the "momentum" is regulation specific to IDEC in the Kingdom. IDEC Innovations will spotlight the regulation and provide an opportunity to present case studies that indicate acceptance, progress and yet another peg in the sustainable cooling pole.

DC Dialogue

(13th Edition)

16 September 2026 | Riyadh, Saudi Arabia

THE 13th Edition of DC Dialogue, which looks at policies, regulations, standards, technological, financial and legal aspects of District Cooling, will sustain the focus on the progress made in increasing the penetration of this sustainable approach to cooling across the Kingdom's landscape. DC Dialogue is a seasoned conference that gathers blue-chip stakeholders intent on finding sophisticated approaches to District Cooling that effectively address the means to developing cost-effective greenfield projects, retrofitting brownfield schemes, technological innovations, water and energy concerns, integration of AI, and O&M.

ccme.news/event/dc-dialogue

THE GREAT HVACR FAIR - ROUND 2

Middle East Variable Refrigerants Flow Conference
(10th Edition) (co-located event)

12 October 2026 | Riyadh, Saudi Arabia

WITH the Government leading the way in introducing regulation for VRFs (expected in the end of the year), a significant milestone has been nearly reached that would give much-needed framework for the cooling approach. What would the impending regulation mean for VRF technology in the marketplace? And what progress has been made in terms of gathering valid operational data that would find appeal amongst the consultant community? These are key topics of discussion in the 10th Edition of the Middle East Variable Refrigerants Flow Conference.

The Client, Consultant, Contractor Conference
(7th Edition) (co-located event)

13 October 2026 | Riyadh, Saudi Arabia

"THE CLIENT, CONSULTANT, CONTRACTOR CONFERENCE" is the most comprehensive and largest gathering of clients (master developers, developers, building owners, Jointly Owned Properties (JOPs), Building Owner Associations, sectoral end-users), and Civil, Structural and MEP consultants and contractors in the Kingdom of Saudi Arabia with a clearly defined agenda to discuss existential and other critical issues that would enable them in delivering optimal solutions towards socio-economic and sustainable development. The 7th Edition, in addition to focusing on energy efficiency, water use optimisation, IEQ, and data centre and cold chain infrastructure, will also focus on resilient urban ecosystems in the Kingdom.

Climate Control SAUDI Awards
(3rd Edition) (co-located event)

14 October 2026 | Riyadh, Saudi Arabia

AS AN icing on the cake is the other co-located event – the 3rd Edition of Climate Control SAUDI Awards (a part of CPI Industry's much-vaunted Awards Programme, which has seen 18 editions so far), which aims to recognise and honour beyond-the-call-of-duty engineering and project management efforts, among other aspects supporting the Kingdom's objectives of sophisticated socio-economic and sustainable development targets.

2026 EVENTS

Climate Control Awards

(16th edition)

24 November 2026 | Dubai, UAE

POPULARLY known as the 'Oscars of the HVACR Industry', the objective of the black-tie, gala dinner event is to recognise merit across the various disciplines of the HVACR industry and to raise the bar on building performance, cold chain and fire safety, to name three. To achieve the objective, CPI Industry enlists the services of seasoned HVACR and other relevant domain-specific professionals as judges and of a third-party certification agency to evaluate companies under several categories. Into its 16th year, the Climate Control Awards exercise serves as an objective and accurate barometer of the industry.

www.climatecontrolawards.com/uae

DC Dialogue

(14th Edition)

10 December 2026 | Gift City Club (Radisson), Gandhinagar, Gujarat, India

THE 14th Edition of District Cooling Dialogue ("DC Dialogue") comes with all the prestige and sophistication of several rounds of discussion on the policy, technology, engineering and business of District Cooling. The conference is a granular perspective on several aspects of the CHW business and gathers multiples engineering disciplines and specialisations. India is an exciting ecosystem of cooling demand, innovation and end-use diversity. District Cooling, as a utility, holds promise of endurance and alignment with climate action goals. DC Dialogue comes to India at an opportune time.

ccme.news/event/dc-dialogue

2026 EVENTS

World IEQ Forum (7th edition)

12 January 2027 | New Delhi, India

THE 7th Edition of The World IEQ Forum, in New Delhi, is an invaluable opportunity to give expression to a vast volume of progressive scientific work and engineering innovation aimed at addressing multiple IEQ-related challenges. Much thought has gone into highlighting engineering innovations and interventions in previous editions of the Forum, with an unwavering approach to supporting public health issues. The aim of the 7th Edition is to propose solutions and strategies that would positively impact cardiovascular health, reproductive health and cognitive ability, among other health parameters, all the while with an unwavering eye on energy efficiency and reliability.

Food Chain

(12th edition)

20 January 2027 | Dubai, UAE

THE digital transformation of the food cold chain, including retail aspects, is the theme of the 12th edition of Food Chain. Digital technologies are blowing significant changes into all aspects of the cold chain, and the benefits, in the form of improvements in food safety & quality assurance (FSQA) and food security, are palpable. Food Chain is a coming together of all food and agri cold chain disciplines, including post-harvest, 3PL cold storage warehousing companies, dedicated warehouses (large, medium and small), transport refrigeration (body-building, condensing unit and fleet management) experts, government regulators, contractors, consultants, technology solutions providers, supermarkets, hypermarkets and other sectoral end-users for macro- and micro-discussions.
